The aggregate value of NCDs decided to be Allotted over and above the Base Issue Size, (in case our Company opts to retain any oversubscription in the Tranche I Issue), and/or the aggregate value of NCDs up to the Base Issue Size shall be collectively termed as the “Tranche I Issue Limit”.

Basis of Allotment

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Application for the purpose of drawing the valid Applications for the purpose of drawing the basis of allocation.

Grouping of the Applications received will be then done in the following manner:

Grouping of Applications and allocation ratio

For the purposes of the basis of allotment:

- A. Applications received from Category I Applicants: Applications received from Applicants belonging to Category I shall be grouped together, (“**Institutional Portion**”);
- B. Applications received from Category II Applicants: Applications received from Applicants belonging to Category II, shall be grouped together, (“**Non-Institutional Portion**”).
- C. Applications received from Category III Applicants: Applications received from Applicants belonging to Category III shall be grouped together, (“**High Net-worth Individual Category Portion**”).
- D. Applications received from Category IV Applicants: Applications received from Applicants belonging to Category IV shall be grouped together, (“**Retail Individual Category Portion**”).

For removal of doubt, the terms "Institutional Portion", "Non-Institutional Portion", "High Net-worth Individual Category Portion" and "Retail Individual Category Portion" are individually referred to as “Portion” and collectively referred to as “Portions”.

Allocation Ratio

Institutional Portion	Non-Institutional Portion	High Net Worth Individual Investors Portion	Retail Individual Investors Portion
10%	10%	40%	40%

- (a) *Allotments in the first instance:*

- Applicants belonging to the Institutional Portion, in the first instance, will be allocated NCDs up to 10 % of Tranche I Issue Limit on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange;
- Applicants belonging to the Non-Institutional Portion, in the first instance, will be allocated NCDs up to 10 % of Tranche I Issue Limit on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange;

- iii. Applicants belonging to the High Net Worth Individual Investors Portion, in the first instance, will be allocated NCDs up to 40 % of Tranche I Issue Limit on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange; and
- iv. Applicants belonging to the Retail Individual Investors Portion, in the first instance, will be allocated NCDs up to 40 % of Tranche I Issue Limit on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange.

Allotments, in consultation with the Designated Stock Exchange, shall be made on date priority basis i.e. a first-come first-serve basis, based on the date of upload of each Application in to the Electronic Book with the Stock Exchange, in each Portion subject to the Allocation Ratio indicated at the section titled “Issue Procedure – Basis of Allotment” at page 76 of this Tranche I Prospectus.

As per the SEBI circular dated October 29, 2013, the allotment in this Tranche I Issue is required to be made on the basis of date of upload of each application into the electronic book of the Stock Exchange. However, on the date of oversubscription, the allotments should be made to the applicants on proportionate basis.

- (b) *Under Subscription:* If there is any under subscription in any Category, priority in Allotments will be given to the Retail Individual Investors Portion, High Net Worth Individual Investors Portion, and balance, if any, shall be first made to applicants of the Non-Institutional Portion, followed by the Institutional Portion on a first come first serve basis, on proportionate basis. If there is under subscription in the overall Tranche I Issue Limit due to undersubscription in each Portion, all valid Applications received till the end of last day of the Issue Closure day shall be grouped together in each Portion and full and firm Allotments will be made to all valid Applications in each Portion.
- (c) For each Category, all Applications uploaded on the same day onto the electronic platform of the Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where NCDs uploaded into the platform of the Stock Exchanges on a particular date exceeds NCDs to be Allotted for each portion respectively.
- (d) Minimum Allotments of 1 NCD and in multiples of 1 NCD thereafter would be made in case of each valid Application to all Applicants.
- (e) *Allotments in case of oversubscription:* In case of an oversubscription, allotments to the maximum extent, as possible, will be made on a first-come first-serve basis and thereafter on proportionate basis, i.e. full allotment of the NCDs to the Applicants on a first come first basis up to the date falling 1 (one) day prior to the date of oversubscription and proportionate allotment of NCDs to the Applicants on the date of oversubscription (based on the date of upload of each Application on the electronic platform of the Stock Exchange, in each Portion).

For the purpose of clarity, in case of oversubscription please see the below indicative scenarios:

In case of an oversubscription in all Portions resulting in an oversubscription in the Tranche I Issue Limit, Allotments to the maximum permissible limit, as possible, will be made on a first-come first serve basis and thereafter on proportionate basis, i.e. full allotment of the NCDs to the Applicants on a first come first basis up to the date falling 1 (one) day prior to the date of oversubscription to respective Portion and proportionate allotment of NCDs to the Applicants on the date of oversubscription in respective Portion (based on the date of upload of each Application on the electronic platform of the Stock Exchanges in each Portion).

In case there is oversubscription in Tranche I Issue Limit, however there is under subscription in one or more Portion(s) Allotments will be made in the following order:

- (i) All valid Applications in the undersubscribed Portion(s) uploaded on the electronic platform of the Stock Exchanges till the end of the last day of the Issue Period, shall receive full and firm allotment
- (ii) In case of Portion(s) that are oversubscribed, allotment shall be made to valid Applications received on a first come first serve basis, based on the date of upload of each Application in to the electronic platform

of the Stock Exchanges. Priority for allocation of the remaining undersubscribed Portion(s) shall be given to day wise Applications received in the Retail Individual Investors Portion followed by High Net Worth Individual Investors Portion, next Non-Institutional Portion and lastly Institutional Portion each according to the day of upload of Applications to the Electronic Book with Stock Exchange during the Issue period. For the sake of clarity, the day on which the entire remaining undersubscribed Portion is Allocated to the oversubscribed Portion(s), no allocation shall be made to any oversubscribed Portion(s) on the remaining days of the Issue Period.

- (f) *Proportionate Allotments: For each Portion, on the date of oversubscription:*
- i. Allotments to the Applicants shall be made in proportion to their respective Application size, rounded off to the nearest integer.
 - ii. If the process of rounding off to the nearest integer results in the actual allocation of NCDs being higher than the Tranche I Issue Limit, not all Applicants will be allotted the number of NCDs arrived at after such rounding off. Rather, each Applicant whose Allotment size, prior to rounding off, had the highest decimal point would be given preference.
 - iii. In the event, there are more than one Applicant whose entitlement remain equal after the manner of distribution referred to above, our Company will ensure that the basis of allotment is finalised by draw of lots in a fair and equitable manner.
- (g) *Applicant applying for more than one Series of Unsecured NCDs:* If an Applicant has applied for more than one Series of Unsecured NCDs and in case such Applicant is entitled to allocation of only a part of the aggregate number of Unsecured NCDs applied for, the Series-wise allocation of Unsecured NCDs to such Applicants shall be in proportion to the number of Unsecured NCDs with respect to each Series, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with the Lead Manager and the Designated Stock Exchange. Further, in the aforesaid scenario, wherein the Applicant has applied for all the 3 (three) Series and in case such Applicant cannot be allotted all the 3 (three) Series, then the Applicant would be allotted Unsecured NCDs, at the discretion of the Company, the Registrar and the Lead Managers as may be decided at the time of Basis of Allotment.
- (h) Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications: The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful Applications within 6 (six) Working Days of the Tranche I Issue Closing Date.

All decisions pertaining to the basis of allotment of NCDs pursuant to the Tranche I Issue shall be taken by our Company in consultation with the Lead Managers and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Tranche I Prospectus. Any other queries / issues in connection with the Applications will be appropriately dealt with and decided upon by our Company in consultation with the Lead Managers.

Our Company would allot Series I Unsecured NCDs to all valid applications, wherein the applicants have not indicated their choice of the relevant series of the NCDs.

Applications where the Application Amount received is greater than the minimum Application Amount, and the Application Amount paid does not tally with the number of NCDs applied for may be considered for Allotment, to the extent of the Application Amount paid rounded down to the nearest ₹ 1,000.

Detailed Rationale

CRISIL has revised its rating outlook on the long-term debt instruments and bank facilities of IIFL Finance Limited (IIFL Finance) to **'Negative'** from 'Stable' while reaffirming the long term rating at 'CRISIL AA/CRISIL PP-MLD AAr'. The short term rating has been reaffirmed at 'CRISIL A1+'. CRISIL has assigned **'CRISIL AA/Negative'** rating to the Rs 5000 crore non-convertible debentures (NCDs) of the company. Also, CRISIL has withdrawn ratings on Rs 2500 crore NCDs, at the company's request as there is no amount outstanding against the rated instruments. This is in line with CRISIL's withdrawal policy.

The outlook revision factors in the expected pressure on IIFL Finance's asset quality due to the nationwide lockdown and the challenging macro-economic environment. CRISIL expects the gross domestic product (GDP) to contract by about 5.0% in fiscal 2021 compared to an expansion of 4.1% in fiscal 2020, this is likely to impact many sectors and consequently, the income streams borrowers in the upcoming quarters. Further, some of the asset classes in which the company operates 'micro, small and medium enterprises (MSME Finance; 21% of the overall assets under management (AUM) as on March 31, 2020), micro finance (9% of the AUM) and home loans (33% of AUM), particularly to self-employed and cash salaried customers, could witness relatively higher challenges as compared to other segments.

Furthermore, the company's fundraising, which had seen an improving trajectory in the fourth quarter of fiscal 2020, was impacted in the last few months, in line with peers. Nevertheless, the funding environment for non-banks has been improving in the past few weeks, including IIFL Finance, supported by various schemes and measures announced by the government and the Reserve Bank of India. On a consolidated basis, IIFL Finance had raised Rs

1015 crore in the first quarter of fiscal 2021 till June 15, 2020 (Rs 22,407 crores was raised between April 2019 and March 2020). Nevertheless, the company has a healthy pipeline and expects to raise additional funds in the upcoming weeks for which it has already received the sanctions. Ability of the company to raise funds from diverse sources at competitive rates in the current environment will be key monitorable.

The nationwide lockdown has also impacted disbursements and collections of financial institutions. Any delay in return to normalcy will put further pressure on collections and asset quality metrics of companies. Additionally, any change in the behavior of borrowers on payment discipline can affect delinquency levels.

IIFL Finance had provided a blanket moratorium to all customers under Moratorium 1.0 (March 1' June 30) with an OPT-OUT structure. As of May 25, 2020, about 58% of the AUM had been given the moratorium. Collections had remained low compared to pre-Covid levels due to the moratorium availed by borrowers. However, under the second phase 'Moratorium 2.0 (June 1-August 31), the company has not given a blanket moratorium but provided the borrowers with OPT-IN structure. This along with opening up of branches since last month is expected to lead to a gradual improvement in collections and will remain a key monitorable.

In terms of asset quality metrics, overall gross non-performing assets (GNPAs) of IIFL Finance increased to 2.31% as on March 31, 2020 from 1.96% as on March 31, 2019. On the retail side, the company saw an inch up in asset quality across most of the segments especially in the business loans¹ segments which includes secured and unsecured lending to MSMEs; GNPAs in this segment increased to 3.7% as on March 31, 2020 from 2.2% as on March 31, 2019. GNPAs in the wholesale book, while had shown some improvement supported partly by write-offs in fiscal 2020, remained high at 3.8% as on March 31, 2020 (4.4% as on March 31, 2019).

On the liabilities side, Reserve Bank of India (RBI) had announced regulatory measures under 'Covid-19 - Regulatory Package', whereby lenders were permitted to grant moratorium on bank loans. IIFL Finance group entities have also approached all lenders to avail moratorium on their bank borrowings and the same has been granted by a few of the banks.

As on June 18, 2020, the company had a liquidity cushion of Rs 3,791 crore (Rs 528 crore of cash and equivalents and Rs 3263 crore of unutilized bank lines including securitization lines). Against this, it has total debt repayment of Rs 2,289 crore over the four months through September 2020.

The ratings continues to reflect the IIFL Finance group's diversified retail product offerings, the extensive branch network and adequate capitalisation. These rating strengths are partially offset by limited seasoning of the loan portfolio.

Analytical Approach

For arriving at the ratings, CRISIL has consolidated the business and financial risk profiles of IIFL Finance and its subsidiaries, including IIFL Home Finance Ltd (IIFL Home) and Samasta Microfinance Ltd (Samasta). This is because all these entities, collectively referred to as the IIFL Finance group, have significant operational, financial, and managerial integration and also operate under a common brand. Further, CRISIL has also factored in the business synergies that IIFL Finance group will have with IIFL Wealth and IIFL Securities, given their common promoters and the shared brand.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

*** Diversified retail lending portfolio with an extensive branch network**

IIFL Finance group, having consolidated assets under management (AUM) of Rs 37,951 crore as on March 31, 2020 (Rs 34,904 crore as on March 31, 2019), is primarily engaged in secured lending across various retail asset classes. IIFL Finance has two lending subsidiaries - IIFL Home and Samasta, through which the mortgage finance and micro finance businesses are carried out.

Retail loans account for almost 88% of the AUM as on March 31, 2020, with a high level of granularity (loans with ticket size below Rs 1 crore). Also, around 43% of the portfolio qualifies under priority sector lending. The group had identified four key segments - home loans, business loans [including loan against property (LAP) and lending to micro,

small and medium enterprises (MSME)], gold loans and microfinance, as key growth drivers over the medium term. It also operates in two synergistic segments - construction & developer funding and capital market lending. While incremental developer funding will be done on a selective basis to support the home loan business, capital market lending will largely focus on retail clients of IIFL Securities. These four segments form around 87% of the AUM as on March 31, 2020, up from 61% as on March 31, 2016. Further, in line with the strategy to focus on select segments, the group discontinued medical equipment financing from fiscal 2018, and also sold its commercial vehicle (CV) finance portfolio in fiscal 2019.

As of March 31, 2020, the IIFL Finance group had a wide network of 2,377 branches spread across 25 states. The group has also made significant investment in technology to effectively benefit from this geographical reach. Going forward, the group plans to leverage business synergies with other IIFL entities for cross-selling of financial products (insurance, mutual funds etc) and other retail loan products, given the already established branch and distribution platform.

On a standalone level, IIFL Finance had an AUM of Rs 16,057 crore as on March 31, 2020 (Rs 14,460 crore as on March 31, 2019) primarily towards gold loans (57%), business loans (20%) and developer and construction finance (22%).

IIFL Home had an AUM of Rs 18,495 crore as on March 31, 2020 (Rs 18,158 crore as on March 31, 2019) largely toward home loans (67%), followed by loan against property (26%) and construction finance (6%).

Samasta had an AUM of Rs 3,400 crore as on March 31, 2020 (Rs 2,285 crore as on March 31, 2019).

*** Adequate capitalisation**

The IIFL Finance group is adequately capitalised, with networth, Tier-I, and overall capital adequacy ratio (CAR) of around Rs 4,766 crore, 13.1%, and 17.6%, respectively, as on March 31, 2020 (Rs 4,359 crore, 13.1% and 18.3%, respectively, as on March 31, 2019). Networth coverage for net NPAs was comfortable at around 17 times as on March 31, 2020 (25 times as on March 31, 2019). On-book gearing as on same date was adequate at around 5.2 times; however, CRISIL-adjusted gearing (on-book borrowings + securitization/assignment) was higher at around 7.7 times. Nevertheless, the group has demonstrated its ability to raise capital from long-term marquee investors such as Fairfax and the CDC group (Rs 1000 crore raised from CDC in fiscal 2017). Given the modest growth plans, capitalisation remains adequate for the current scale of operations. However, the ability to raise capital and manage leverage levels over the medium term will be an important factor.

As on March 31, 2020, IIFL Finance (standalone) reported net worth and CRISIL-adjusted gearing stood at Rs 3,608 crore and 4.7 times, respectively. It had a Tier-I CAR and overall CAR of 13.1% and 17.6%, respectively, as on same date. Net worth coverage for net NPAs was around 31 times as on March 31, 2020.

IIFL Home had a reported net worth and CRISIL-adjusted gearing of Rs 1,780 crore and 9.9 times, respectively, as on March 31, 2020. Its Tier-I and overall CAR stood at 18.4% and 23.7%, respectively, as on same date. The company's net worth coverage for net NPAs was around 11 times as on March 31, 2020.

Samasta's reported net worth and CRISIL-adjusted gearing stood at Rs 509 crore and 3.8 times, respectively, as on March 31, 2020. Tier-I and overall CAR stood at 20.9% and 25.9%, respectively, as on same date.

Weaknesses:

*** Limited seasoning of some of the asset classes like home loans and MSME loans**

IIFL Finance group's loan portfolio (excluding CV finance) has recorded a three-year compound annual growth rate of around 26%. Given the scale up of book in recent years and entry into newer segments, the portfolio remains unseasoned and hence, overall asset quality is yet to be tested through cycles. While certain products have a shorter tenure, and hence, have seen a complete cycle, home loans and MSME lending have limited seasoning so far. Home loans are long tenure products and MSME lending is a relatively recent addition to the product suite. Overall gross

NPAs and net NPAs stood at 2.31% and 0.97%, respectively, as on March 31, 2020 (1.96% and 0.63%, respectively, as on March 31, 2019). While increasing focus on small-ticket retail loans will benefit the inherent asset quality over the medium term, ability to underwrite and maintain strong credit practices across asset classes, amid stiff competition from established players, remains to be seen.

NPAs in the wholesale book stood while declined, supported partly by write-offs, to 3.8% as on March 31, 2020, from 4.4% a year ago, continued to remain high. Nevertheless, the share of wholesale lending has come down over the past few years and was relatively low at about 11% of the overall AUM as on March 31, 2020. Nevertheless, given the current macro environment, asset quality on exposures such as developer loans and large ticket loans against property would be a key monitorable for all lenders, including IIFL Finance. Borrowers of such loan categories are more sensitive to an environment of prolonged liquidity tightness. RBIs measure on extension of date of commencement of commercial operations (DCCO) for commercial real estate projects should provide some respite.

Also, retail asset quality, while has remained under control in the past, could witness an increase in delinquencies from current levels across segments due to the economic slowdown. The lockdown has affected the income generation ability and saving of borrowers, especially of the self-employed and micro finance borrower, who typically have a weaker credit profile. In this context, credit costs are expected to increase in the near term.

Gross NPA of IIFL Finance (standalone), IIFL Home and Samasta stood at 3.1%, 1.6% and 1.5%, respectively, as on March 31, 2020 (3.4%, 0.9% and 0.4%, respectively, as on March 31, 2019).

Any sharp deterioration in asset quality, will also impact profitability and capital, and remains a key rating monitorable.

Liquidity Strong

As on June 18, 2020, the company had a liquidity cushion of Rs 3,791 crore (Rs 528 crore of cash and equivalents, Rs 413 crore of unutilized cash credit lines and Rs 2,850 crore of unutilized bank lines including securitization lines). Against this, it has total debt repayment of Rs 2,289 crore over the four months through September 2020.

Outlook: Negative

CRISIL believe that IIFL Finance' collections and thereby asset quality metrics is likely to come under pressure due to the extended nation-wide lockdown and challenging economic environment. Furthermore, fundraising in the recent past has also been lower than expected.

Rating Sensitivity factors

Upward Factors:

- * Significant improvement in market position while improving asset quality
- * Improvement in profitability, with return on managed assets (RoMA) beyond 3.0% on a sustained basis

Downward Factors:

- * Deterioration in the asset quality, with GNPA increasing to above 5% over an extended period, thereby impacting profitability
- * Further drop in collections metrics and delay in achieving pre-pandemic levels
- * Weakening of capitalisation metrics with higher than expected gearing on a sustained basis
- * Continued funding access challenges for non-banking sector with limited fund-raising by IIFL Finance Group and reduction in liquidity levels

Any other information:

Earnings profile of the company has remained range bound. Return on managed assets [RoMA; profit after tax / (total assets + securitization/assignment)] stood at around 1.2% for the period ended March 31, 2020. The profitability was impacted in fiscal 2020 due one-time provisioning for Covid-19 of Rs 282 crore and reversal of deferred tax of Rs 50

crore, excluding the same, RoMA stood at 1.8% for the above period (around 1.9% for fiscal 2019; excluding the one-time gain on sale of CV business). While the profitability is supported by healthy net interest margin, operating expenses remain high, given the investment in opening of new branches, strengthening of work force and building the technological infrastructure. With the scale up of loan book, operating efficiency is expected to improve gradually, which will support the earning profile. Also, while credit costs have remained under control, the asset quality is likely to see an inch up in fiscal 2021, which will lead to increase in credit cost. Ability of the company to control credit costs will be a key determinant of profitability going forward.

Rating is withdrawn for NCDs of Rs 3597 Crs, at the request of the company, as it is unutilised.

RATING ACTION / OUTLOOK

Brickwork Ratings (BWR) assigns 'BWR AA+' / Negative to the non-convertible debentures (NCDs) of Rs 5000 Crs of IIFL Finance Limited (the company) while reaffirming the rating of existing debt instruments, as tabulated above. BWR also withdraws the rating for NCDs of Rs 3597 Crs at the request of the company as the same is unutilised, and the withdrawal is in line with BWR's policy.

The rating continues to factor in IIFL Finance group's diversified presence in the retail financing space, highly qualified and experienced management team, adequate capitalisation and diversified resource mix. The rating is, however, constrained by the limited seasoning of the loan portfolio, particularly in the home loan and MSME loan segments, and a moderation in the company's asset quality. The Negative outlook is on account of the expectation of continued pressure on the asset quality, specifically in the MSME and loans against property (LAP) segments, and the company's ability to grow its balance sheet amid funding challenges to the non-banking financial company (NBFC) sector.

KEY RATING DRIVERS

Credit Strengths

Diversified business profile: IIFL Finance Ltd is a retail-focused NBFC with a diversified loan book and offers products such as home loans, gold loans, microfinance loans (MFI), micro small & medium enterprise (MSME) business loans, LAP and construction finance. Out of the total AUM of Rs 37951 Crs as on 31 March 2020, home loans constituted 32.79%, followed by gold loans at 24.04%, business loans (including LAP) at 20.57%, developer finance loans at 12.46%, MFI loans at 8.96% and loans to the capital market segment at 1.19%. The company also benefits from the synergies it derives from IIFL Wealth and IIFL Securities, given the common promoters and shared brand name.

Diversified resource mix: The company has a diversified resource profile and has demonstrated its ability to raise funds through various sources. The company was able to raise long-term funds of ~ Rs 9400 Crs in FY20. Around 46% of these were in the form of term loans/refinance from National Housing Bank (NHB), and the rest were in the form of NCDs/ECB. Apart from this, the company had raised ~Rs 13000 Crs through the securitisation/assignment of its loans. Out of the total funding as on 31 March 2020, 35% was in the form of term loans, 28% in the form of NCDs, 27% in the form of assignment of loans, 5% in the form of securitisation and 5% in the form of refinance from NHB. The company has requested a moratorium for repaying term loans that are due, on account of COVID-19, and has received approval from the majority of its bankers.

Adequate capitalisation: IIFL Finance Limited is adequately capitalised, with the consolidated net worth and gearing of Rs 4765.61 Crs and 5.66 times, respectively, as on 31 March 2020. It improved from Rs 4358.70 Crs and 6.08 times, respectively, as on 31 March 2019. The capital adequacy ratio of IIFL Finance Ltd (standalone), IIFL Home Finance Ltd and Samasta Microfinance stood at 17.55%, 23.71% and 25.93%, respectively, as on 31 March 2020. The accrual of profits to net worth was, however, low for FY20. The company reported a net profit of Rs 503.47 Crs for FY20, compared with Rs 795.71 Crs (including a one-time gain of Rs 115 Crs on the sale of the CV business) for FY19. The profitability was impacted due to a one-time provisioning due to COVID-19, of Rs 282 Crs, and the reversal of deferred tax of Rs 50 Crs

during FY20. The net worth to net non-performing assets cover was adequate at around 17.5 times as on 31 March 2020. The company plans to raise fresh equity in FY21 to strengthen its capital position to cover for any asset side risks and also support future growth. BWR believes IIFL Finance Ltd on a consolidated level will remain adequately capitalised over the medium term.

Experienced management and strong ownership: IIFL Finance Limited and its subsidiaries are led by a highly qualified and experienced management team with strong experience in the financial services domain. The board consists of Mr. Nirmal Jain (the founder of IIFL Group and chairman of IIFL Finance Limited), Mr. R. Venkataraman (co-promoter and managing director of IIFL Finance Limited) and other non-executive and independent directors. BWR has taken note of some changes in the senior management of IIFL Finance Ltd and continues to take comfort from the rich experience and depth in the management profile of the IIFL Finance Ltd and its subsidiaries. IIFL Finance Limited is a listed company in which promoters held 24.94%, the Fairfax group held 29.87%, CDC Group PLC held 15.46% and foreign investors held 12.69% as on 31 March 2020.

Credit Risks

Limited loan seasoning: The IIFL Finance group's AUM has largely grown in the last three years. The total AUM grew from Rs 22281 Crs as on 31 March 2017 to Rs 37951 Crs as on 31 March 2020. Home loans and MSME business loans, which have a longer tenure, constituted ~54% of the total AUM as on 31 March 2020. The loan portfolio has limited seasoning, especially in the home loans and MSME loans segment. The overall asset quality is yet to be tested through economic down cycles.

Average asset quality: IIFL Finance Ltd witnessed some asset quality pressure in FY20, which is expected to continue in the current fiscal due to the on-going pandemic. The gross non-performing assets (NPAs) across home loans, microfinance loans, MSME loans and LAP increased in FY20. Overall, on a consolidated basis, the gross NPAs increased from 1.96% as on 31 March 2019 to 2.31% as on 31 March 2020. The company is taking appropriate measures by slowing down disbursements in the MSME segment and curtailing exposure to the riskier real estate developer segment.

However, BWR expects the asset quality pressures to continue in FY21 due to the impact on the company's borrower profile on account of the COVID-19 pandemic. The company has witnessed a dip in collections in Q1FY21 due to the loan moratorium by the Reserve Bank Of India (RBI). Many of its borrowers are availing a moratorium, and IIFL Finance Ltd's ability to ensure timely collections during and after the moratorium period and its ability to control slippages and manage asset quality will be a key rating monitorable.

ANALYTICAL APPROACH AND APPLICABLE RATING CRITERIA

For arriving at its ratings, BWR has taken a consolidated view on IIFL Finance Limited and its key operating subsidiaries IIFL Home Finance Limited and Samasta Microfinance Limited (collectively referred to as the IIFL Finance group) having strong operational, financial and managerial linkages. The rating also factors in the synergies it derives from IIFL Wealth and IIFL Securities, given the common promoters and shared brand name. BWR has applied its rating methodology as detailed in the Rating Criteria (hyperlinks provided at the end of this rationale).

RATING SENSITIVITIES

Going forward, the company's ability to steadily grow its portfolio while maintaining comfortable asset quality and a prudent capital structure will be key rating sensitivity factors.

Positive: A sustained improvement in the asset quality and the company's ability to steadily grow its AUM with an improvement in profitability are the key rating positives.

Negative: A deterioration in asset quality, thereby impacting profitability and capitalisation, or a reduction in liquidity, and/or if the company faces challenges to raise funds at competitive rates.

Coronavirus disease (COVID-19), declared a pandemic by the World Health Organisation (WHO), has become a full-blown crisis globally, including in India. As a containment measure, the Indian Government had announced a 21-day nationwide lockdown on 24 March 2020, which was subsequently extended until 31 May 2020. As per BWR, financial institutions, mainly those lending directly or indirectly, to the retail low-income borrower segments could be the most impacted. The 6-month moratorium announced by the RBI on the interest and principal on bank debt has provided some cushion to the lending community to realign its collection machinery and operations during this period. However, lenders' ability to ensure credit discipline among borrowers as the 6-month moratorium ends and to collect accumulated interest and principal dues on a timely basis after this period will be a key monitorable. BWR is actively engaging with its clients on a continuous basis and taking updates on the impact on its operations and liquidity situation. BWR will take appropriate rating actions as and when it deems necessary and publish the same.

LIQUIDITY POSITION: ADEQUATE

The IIFL Finance group has reduced its dependence on commercial paper borrowings and has been able to raise long-term funding in the form of term loans/NCDs and securitisation. IIFL Finance had scheduled debt repayment obligations of ~ Rs 3900 Crs between June to December 2020. The liquidity remains adequate, with cash/bank/FD and liquid investments of ~ Rs 528 Crs, an unutilised cash credit limit of Rs 413 Crs and undrawn sanction lines (including

securitisation) of ~ Rs 2850 Crs as on 18 June 2020. Since IIFL Finance group mainly caters to the retail segment, a large number of borrowers have asked for a moratorium, and hence, collections are expected to be low. The IIFL Finance group has also requested for a moratorium to its bankers. They have received approval from the majority of bankers.

COMPANY PROFILE

IIFL Finance Limited is a listed company in which promoters held 24.94%, the Fairfax group held 29.87%, CDC Group PLC held 15.46% and foreign investors held 12.69% as on 31 March 2020. IIFL Finance Limited (erstwhile IIFL Holdings Limited) was the holding company for the entire IIFL group. The group had subsequently reorganised its corporate structure, wherein the Securities Business Undertaking and Wealth Business Undertaking of IIFL Holdings Limited were demerged into IIFL Securities Limited and IIFL Wealth Management Limited, respectively. IIFL Holdings Limited was renamed IIFL Finance Limited and now is the holding company for the lending businesses of the IIFL group. IIFL Finance Ltd is a retail-focused NBFC with a diversified loan book and offers products such as home loans, gold loans, MFI, MSME business loans, LAP, construction finance and capital market finance. IIFL Finance Ltd has two key operating subsidiaries, IIFL Home Finance Ltd (in which it holds 100%) and Samasta Microfinance Ltd (in which it holds 98.89%). The IIFL Finance group has a widespread branch network, with 2377 branches spread across 25 states, out of which ~85% of branches are in Tier 2 and Tier 3 locations.
